Memo:

Letter No. 673 of 11th April
 1901 from the President
 Mysore City Municipality.

With reference to para 1
 of Govt. Pro: No. P. 343-8
 dated 11th October 1900
 sanctioning the formation
 of extensions in the Mysore
 City, the President of the
 Mysore City Municipality
 submitted a statement
 showing the area of land
 proposed to be taken up
 for each of the extensions
 and the amount of
 compensation payable
 therefor. As the statement
 was incomplete, information

⑧ Vide Plague Committee
 letter Serial No. 4.
 Serial 709-
 Total area 73 acres & 27 1/2 guntas.

was called for as to the ² X Serial No 7
amount of Compensation
required for the Erangaie
& Jalpuri Extensions, and as
to whether the cost of acquisition
of lands for the formation
of the Extensions had been
included in the sum of
Rs 39,000/- sanctioned in
Govt Pro No ² 3089-72 of Serial No 3(a)
L7. 3086
28th August 1900.

2 The President now
submits a revised Statement
showing the amount required
for each of the Extensions
& states that there is now
no demand for acquiring
114½ acres of land as originally
proposed by him (Vide
Serial No 4_a) and that it
is enough if a sum of Rs 2,195/-
is sanctioned for the present,
the area proposed to be

acquired being $73\frac{1}{2}$ acres
The President adds that
out of the sum of Rs 39,000/
sanctioned in Serial
No. 3(a) a sum of Rs 20,000 of
has been set apart to
meet the cost of demolishing
houses condemned as unfit
for human habitation
& the balance viz Rs 19,000
~~to meet~~ for incomplete works
taken from the loan of
Rs ^x 1,17,000 sanctioned by Govt.
and for payment of
compensation to the parties
whose cases have been referred
to the Civil Court for
adjudication under the
Land acquisition act

Serial No 1 & 2

Serial no 9 (a)

3. From the statement
now submitted, it will
be seen that a sum of
Rs 9,231-7-0 has been
settled as compensation

for the 73 acres & 27 guntas of
 of land proposed to be
 taken up for the Extensions.
 & that out of this, Rs 7036-7-
 have already been paid
 from the several sources
 noted below:—

1. Out of the loan of Rs 1,17,000 sanctioned by Govt. for removing certain congested parts in the city & constructing drains <u>Rs</u> ————	X 4,803-15-.
2. Plague funds ————	1855-0-.
3. Municipal Funds ————	252-8-.
4. Palace Funds ————	125-0-.
<u>Total ————</u>	<u>7,036-7-0</u>

X 4810-7-0. As per Serial no. 6.

The balance for which sanction
 is now required is Rs 2,195/-
 out of which however a sum
 of Rs 1411-8-0 is stated to
 have been paid from the
 loan of Rs 39000 sanctioned
 in Serial no 3(a). This is independent
 of the cost of opening out
 Roads & constructing Tunnels

 This is a ~~very old~~ incident there is no manner of ~~discrepancy~~ objection to the localities altho at one time the idea prevailed that the extensions covered ground to the extent of Rs 2790/- which had been specially reserved.

for which the President says he would submit Estimates in due course

4. Though in para 1 of Govt Pro Serial No. 5 orders were preserved as regards Jalpuri & Edga extensions the President has included them in the Statement now sent up.

The compensation for lands taken up for these 2 extensions comes up to Rs 3,437-8-0 as shown in the margin. In the absence of the Confidential note referred to in the order & subsequent correspondence on the subject, it is not known whether the Govt have decided to form these extensions also, but ~~the fact that~~ ^{the fact that} compensation

to Rs 3,437-8-0 as shown in the margin. In the absence of the Confidential note referred to in the order & subsequent correspondence on the subject,

been paid for audits taken
up for these extensions & leaves no doubt
~~showing~~ that they must have
been sanctioned.

5. As regards the Compensation
already paid it is submitted
that the procedure adopted
by the President in utilizing
the amount specially allotted
for these works, is irregular & unauthorized
and is likely to create un-
necessary confusion in
the accounts

6. It is desirable that
a separate account should
be maintained in connection
with these extensions and
the Receipts & Expenditure
should be separately accounted for.
To meet this end it is necessary
that a special allotment
of Rs 9231-7-0 + the cost of
opening out Roads and
Constructing Tunnels should

be made from some
Source ~~of~~ ^{or} other in order
to enable the President
to adjust the payments
already made from funds
sanctioned for other
works. That this cannot
be made available from
the sum of Rs 47000 sanctioned
for Sanitary improvements
in the city (Serial No 1 & 2)
is evident from ~~the~~ one of
the Reports of the President
in which he says that
the whole amount has
been spent and that
it is beyond doubt that
the sum of Rs 39000 / sanctioned
in Serial No 3 & 4 is required
for the removal of the
congested parts & for
the demolition of condemned
houses. It is therefore

This is added to the
separate reference

respectfully submitted
that the amount required
for the extensions may
be sanctioned from Provincial
funds to be adjusted
from the sale proceeds
of the building sites, as
otherwise the expenditure
connected with such work
cannot be satisfactorily
accounted for

Yours faithfully

I have no copy of the P.W.D
budget or the Sanitary
budget before me, but I
think the Mysore City
extensions have not been
included in either budget.
I would invite the Dewan
attention to the question
of these extensions, which
has to be dealt with without
further delay. He says
he has sanctioned the
removal of four blocks
of houses from the congested
parts of the City. The
men displaced will have
to be provided with sites
for building new houses
upon.

The President City
M. S. in his letter No
673 dated 11th April 1901
says that the extension

West need not be on
the scale just laid
down by me as Poyne
commiser. He based his
Calculation probably
upon the state of things existing
when he wrote them
all the people that had
camped out had returned
to their houses and the
demand for water on
the extension was limited.
Things have changed
since then

I would request early
sanction to the scheme
as explained in Poyne
commiser letter no 3495
dated 16th July 1901
I would recommend
the work being taken
systematically in hand
& put in charge of an
Executive Engineer who
has had experience
of similar work elsewhere
I understand that Mr
Bangorow has been
taken away from the
Bangalore extension

MYSORE CITY MUNICIPAL PRESIDENT'S OFFICE

Enc. No. 1

Dated 31st December 1900 189

To

The Secretary to the Government of Mysore,
Revenue and General Departments.

SIR,

With reference to the fourth para of the Government Proceedings no 343-8 dated the 11th October 1900, that no compensation to be paid to persons dispossessed of houses either removed for opening roads or dismantled under the Plague Regulations; I have the honor to state that there are difficulties in withholding payments till they build houses or commence to build them. Most of the houses required to be removed are either mortgaged or hypothecated. The persons who have lent money on the security of them demand the value fixed to be paid to them and refuse to accept the terms proposed in the above para.

I beg to request that you will be good enough to obtain instructions and

10

and Communicate to me, whether such demands may be refused on the ground that their lien on the property will be transferred to the new house to be constructed by the owner.

Sir,

6

With reference to your letter
no 1754 dated 27th October 1900, request-
to state the amount
actually required - ing to submit detailed plans and
for payment of statement showing the area and assess-
ment of lands required for the Exten-
sions of the Mysore City as per Govern-
ment Proceedings no B 343-8 dated 11th
October 1900, I have the honor to sub-
mit herewith a statement giving the
area of each Extension opposite to each
mohalla, for which additional lands
have been applied for as well as maps
of the Extensions including Jalapuxi
and Edga

I consider that the land

shaded yellow in the accompanying maps

8/1/1901

maps are quite enough for the present
as they afford ample accommoda¹²tion
for the number of houses to be built
hereafter. The area of the Extension
is 114 acres and 24 guntas

Jalapuri Extension was
started at the beginning of the year
1898 and several houses have al-
ready been built there. There is no
objection to granting sites there for
building purposes, the Residency and
Staff Quarters are far away, the
Mahadavarpoor road running west
to east thus limiting the Extension
upto the road. This is shown in the
accompanying tracing

Application has been made
to Government in this Office no 270
dated 18th October 1900 for sanction for
raising a loan in the open market
to enable the Municipality to under-
take the opening out of the congested
parts of the City at once, instead of

of doing it by piecemeal. Should
the Government be ^{be} pleased to sanction
the same, provision will be made to
meet this expenditure

In the meantime, I request
that you will kindly sanction the cost
of acquiring the lands required for
the Extensions from Plague funds, treat-
ing it as a loan in addition to Rs 10,000
already lent for the Sanitary improve-
ments of the City

OFFICE OF THE
PLAGUE COMMISSIONER IN MYSORE.

DATED BANGALORE, 16th February 1901.

No. 3495

From

THE PLAGUE COMMISSIONER IN MYSORE.

To

The Secretary to the Government of Mysore
General and Revenue Departments.

SIR,

With reference to para 1 of Government
Proceedings No Pg 343-8 dated 11th October
1900, I have the honor to submit here-
with a statement with plans received
from the President, City Municipal
Board, Mysore, shewing the area and
assessment of the lands proposed to be
acquired for the Chattrahalli Idga
Erangere and Jalpuri Extensions and the
amount of compensation payable therefor
and to state that the President who has

has already paid from the several

Sources noted in the margin

Rs 8,460-7-4 out of the

total amount of compensa-

sation of Rs 13,325-3-4 fixed

for the lands, has now ap-

plied for a loan from

Plague Funds of Rs 6,276-4-4 required

to settle the compensation and to

adjust the last item.

2. As the procedure adopted by the

President in utilizing for this purpose

the amount specially allotted for other

works is unauthorized and is likely

to create unnecessary confusion in the

accounts, I think the whole amount

of compensation, viz Rs 13,325-3-4 may

be advanced to the Municipality as a
loan

1. Out of the loan sanctioned

in Govt Pro. No $\frac{12970-72}{27204-93}$

dated 11th April 1898 - - - Rs 4,816-7-

2. Plague fund - - - " 1,855-8-

3. Municipal Fund - " 252-8-

4. Blace Fund - - - " 125-4-

5. loan sanctioned in

Govt Pro. No $\frac{3089-92}{273086}$ dated

28th August 1900 for removing

congested parts in the city - - - " 1,411-8-

loan in addition to the 39,000/- Rupees
sanctioned in Government Proceedings
No $\frac{3089-92}{27.3086}$, dated 28th August 1900.

This would enable the President not
only to adjust the amount already
paid but also to maintain a separate
account in connection with the ex
tensions
